

# WHAT'S IN YOUR *Beauty Bag?*

I woke up  
like this

## **Vibes: What is your morning beauty routine?**

Bianka: I wash my face with a cleanser then use micellar water/ baby wet wipes to make sure that there is no leftover makeup from yesterday then I apply a moisturizer or a primer then start doing my makeup.

## **Vibes: Do you have a must-have beauty product that you always carry in your bag?**

Bianka: The lipstick of the day.

## **Vibes: Do you have a favourite mascara?**

Bianka: I'm always trying out new mascaras but lately I've been loving the Maybelline one by one volum' express because it really opens my eyes.

## **Vibes: What is the secret of your everyday beauty?**

Bianka: Just get enough sleep and drink lots of water, you know you have to hydrate :) Also have a little yoga session of 10 mins in the morning to shine bright from the inside.
